

White Crow Six-Hole NAF Fingerings

based on Nakai Tablature for Native American Flute

developed by Clint Goss

The image displays three systems of musical notation and fingering diagrams for a six-hole Native American flute. Each system consists of a treble clef staff with notes and a corresponding fingering diagram below it. The notes are represented by whole notes with stems.

- System 1:** Labeled "Root", "Minor Third", and "Fourth". It shows notes on the first, second, and third lines of the staff. The fingering diagrams show the first three holes covered and the last three open.
- System 2:** Labeled "Fifth", "Seventh", and "Octave". It shows notes on the fourth, fifth, and sixth lines of the staff. The fingering diagrams show the first two holes covered and the last four open.
- System 3:** Labeled "Minor Tenth". It shows notes on the first, second, and third lines of the staff, with some notes having a sharp sign. The fingering diagrams show various combinations of covered and open holes.

Notes:

- Fingerings for White Crow Flutes.
- Fingerings for notes above the octave note may vary among individual flutes.
- Notes above the Minor Tenth may not resonate on a particular flute.
